Welcome

Welcome to the 1st4Sport UKCC Level 2 Certificate in Coaching Orienteering (L2CCOQ). This Information Pack will give you an insight into the Certificate and this course.

If after reading this pack you are interested in attending a L2CCOQ course with the aim of becoming a UKCC Level 2 Orienteering coach please refer to the course joining instructions at the end of this pack.

If you are attending a course you will receive a copy of British Orienteering's Policies and Procedures.

Foreword

British Orienteering has a three part Vision that includes, 'more people' participating in orienteering, more people enjoying their orienteering and 'more podium' places on the world stage. Coaching is the foundation upon which the vision will be built.

Coaches 'meet and greet' the newcomer and the experienced orienteer alike. They plan and deliver fun, rewarding and motivating sessions for all. It is this ability to help people have fun and gain pleasure from achieving that makes coaching such an enjoyable activity – coaching is rewarding, that's why so many of us become coaches!

The UK Coaching Certificate Level 2 is the accreditation that demonstrates that you are a competent coach able to work independently from other coaches. You will be able to organise, deliver and monitor coaching sessions to newcomers and experienced orienteers alike as well as being able to mentor apprentice coaches. British Orienteering is seeking to recruit more Level 2 coaches and help them to develop the knowledge, skills and experience to become excellent coaches. Our coaching programme will help you to become a qualified Level 2 coach and then provide you with support and further opportunities to become an excellent coach. Some of you, in time, will coach talented athletes on our Association and International talent squads and this may well become one of the high points of your life.

Coach education is fundamental to the development of orienteering and British Orienteering is working with our partners, sportscoachUK, 1st4Sport and the Sports Councils to establish a world class coaching system for orienteering. The UK Coaching Certificate Level 2 is the second rung of the coaching ladder to be nationally endorsed against improved standards and will meet the needs of people wishing to progress on the coaching pathway.

I hope you enjoy the Level 2 training and your future coaching.

Mike Hamilton
Chief Executive, British Orienteering

British Orienteering - Our Vision

More People, More Places, More Podiums (MP3)

The vision statement encompasses three threads which are crucial to the future of British Orienteering:

1. **Expanding the numbers of people** aware of, participating in, and assisting as volunteers in, orienteering. This will also swell the number of members of British Orienteering and its Clubs.
2. **Widening the range of places** where orienteering takes place - bringing the excitement, fun and skills of navigation at speed to a wider public by holding events more locally, including in or near urban areas, closer to where they live or can reach in the time they wish to devote, and with less environmental impact arising from travel to events.
3. **Winning more places on the podiums** at international competitions - stressing the competitive nature of the sport and increasing our already creditable success by winning more medals and podium places internationally.

What is the UKCC?

“UKCC indicates the Government’s intention to improve the quality and standing of coaching, which will be vital to the development of sport and individuals”

The UK Coaching Certificate will be a four-level flexible learning system that will ensure equivalence of qualifications across sport.

All four home countries will work together in the development of the orienteering coaching awards ensuring consistency of coach education across the UK.

The creation of nationally recognised standards for coach education will professionalise the role of the coach and raise the profile of sports coaching.

The transferable elements of core parts of UKCC qualifications mean it will be easier to move between sports.

UKCC qualifications are athlete centred taking into account their needs and learning pathway.

UKCC coaches are CRB checked; athletes can be sure their coach is safe and quality assured.

Great coaching will result in greater sporting success and a greater number of participants, at all levels, from the classroom to the podium.

UKCC – The Coaching Levels

Level	The coach will be qualified to:
4	Design, implement and evaluate the process and outcome of long-term/specialist coaching programmes
3	Plan, implement, analyse and revise annual coaching programmes
2	Prepare for, deliver and review linked/progressive coaching session(s)
1	Plan and deliver sessions, supported by prepared resources, in safe environments

Who are 1st4sport Qualifications?

1st4sport is an awarding body recognised and regulated by Ofqual (The Office of Qualifications and Examinations Regulator).

In order to have UKCC endorsed qualifications British Orienteering needed to have an awarding body to regulate its qualifications and, along with many other National Governing Bodies, chose 1st4sport.

1st4sportqualifications is a brand of **Coachwise Ltd**, the trading arm of The National Coaching Foundation (NCF) trading as **sportscoachUK** (scUK)

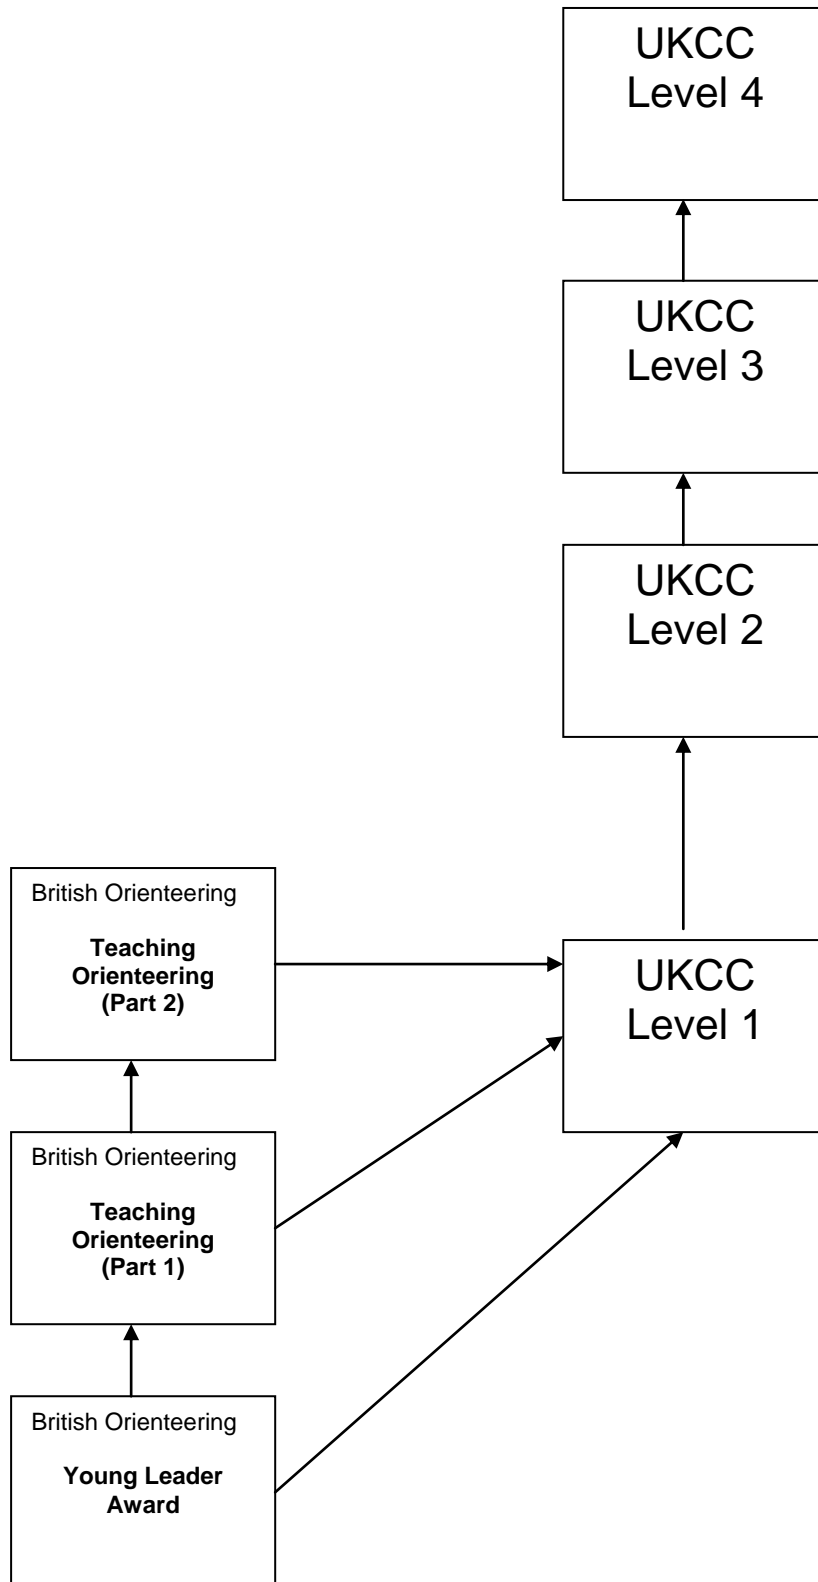

1st4sport Mission Statement

“To provide the sport and recreation industry with a quality-assured and cost-effective qualification awarding service.”

What can a UKCC Endorsed Level 2 Coach Do?

By achieving this certificate you will be able to deliver orienteering sessions in grade A, B and C.

http://www.britishorienteering.org.uk/downloads/documents/cdoc_areatypes.pdf

The following summarises the Characteristics of these areas;

Type of Area	Characteristics of Area
A - Private “safe” areas such as School or Outdoor Centre grounds	Small and “simple” areas with very clear boundaries, good access, plenty of handrail features such as paths or fences and so small as to allow supervision of the participants at frequent intervals. An absence of all such hazards as busy traffic, crags, fast or deep water
B - “Other” local areas and small woods	Areas with clear boundaries, good access, plenty of handrail features such as paths or fences and small enough for supervision of participants at regular intervals. An absence of obvious hazards such as busy traffic, crags, fast or deep water
C - Training on other areas which are neither complex nor exposed	Appropriate areas include easier forests or easier country parks and sites with clear boundaries and ready access for assistance or for emergency vehicles.
D - Training on more demanding areas	Complex, exposed or mountainous areas should be avoided except where sufficient staffing expertise is present.

Also you will learn how to coach the skills and techniques up to and including Technical Difficulty 5 (TD5) Step L on the British Orienteering Step System; see next page and check

http://www.britishorienteering.org.uk/downloads/documents/cdoc_LogbookStepSystem.pdf

You, the Level 2 Coach will be able to prepare a series of progressive coaching sessions helping athletes to develop their skills and to progress to Technical Difficulty 5 (Step L).

As well as the technical aspects of the sport you will be introduced to the aspects of athlete development concerned with the planning of physical training and helping the athlete with the mental preparation necessary to become a successful athlete.

Such topics as Goal setting and Nutrition for athletes are also introduced at this level.

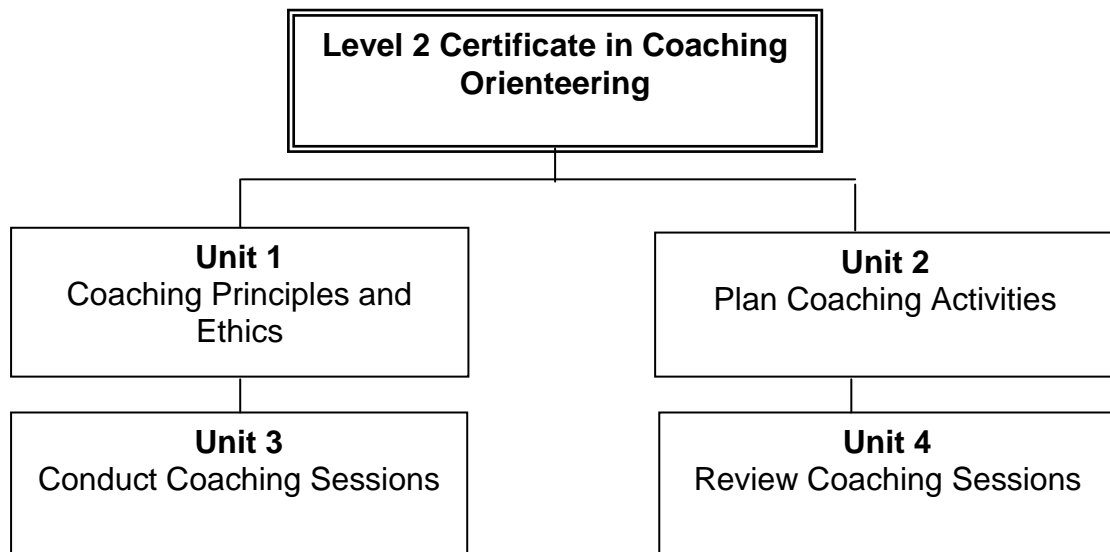

Some topics, such as preparing effective coaching sessions, that were introduced at Level 1 will be revisited and then further developed.

What will you Learn?

The qualification is broken down into 4 units.

Above: Structure of the Level 2 Certificate in Coaching Orienteering

The qualification is covered over 4 days, 2 of which are mainly training with some assessment and the third and fourth days are mainly assessment. If you are assessed as competent at the end of day 4 you will have achieved a 1st4sport Level 2 Coach Award. The format of the 4 day package is determined by the course tutor and can be any combination. The usual will be a 2 day weekend followed by two other weekend days.

The course is broken down into:

- Induction and pre-course tasks - 3 hours
- Course of training - 18 hours
- Internal assessment of candidate's coaching and knowledge - 6 hours
- Home study prior to assessment - 20 hours
- Delivery of 6 progressive sessions mentored by a licensed coach - 24 hours.
- Independent assessment of a Practical Coaching session and tasks - 6 hours.

If you have any learning needs make your tutor aware of these and additional time can be allocated to help you.

For a glossary of orienteering terms, see the British Orienteering web site <http://www.britishorienteering.org.uk/newto/jargon.php>

How will you be Assessed?

There will be several opportunities to be assessed within the Level 2 course which will form the basis of your Level 2 qualification. They include:

- A series of assessed written tasks outlined in your 1st4sport candidate pack which will be handed out on day 1 of the course. Some of these tasks will be completed during the course.
- A series of assessed written tasks, that can be completed at home, but which you will be expected to complete satisfactorily before your final assessment on Day 4.
- Practical coaching session on day 3 of the course, conducted with the members of the course of at least 20 - 30 minutes duration.
- Satisfactory completion of 6 mentored practical coaching sessions each of at least one hour in length, to be completed before the final assessment on day 4.
These sessions to be conducted on at least two different venues.
- A practical coaching session of at least 45 minutes duration conducted on day 4 of the course with an independent group of orienteers.

The course is very practical with a lot of opportunity to practice your coaching skills with tutor support and feedback. The theme of the course is 'progression' and you will be taught and expected to develop this theme throughout the course. You will be given a topic for your practical assessment before day 3 to enable you to plan and prepare.

You will be expected to prepare and conduct an appropriate outdoor session for your practical assessment on Day 4.

Assessment days, which can be used for your Day 4 practical assessment, will be organised either connected to set courses or in Regions at set times. British Orienteering will arrange for suitable athletes to be present.

Assessment at other times may be possible but should be arranged through British Orienteering and may incur an additional charge to cover Assessor and Internal Verification fees.

Reminder:

- You must be able to demonstrate a personal ability to perform the skills and techniques up to and including Level 5 (Green) of the Step System. Competition results are one way to do this. (A copy of the British Orienteering Step System is included as Page 9 of this document).
