2 Competition and eligibility

2.1 Eligibility

2.1.1 The Championships are open to members of the British Orienteering Federation and to members of overseas IOF-affiliated Federations. M classes are open to all genders, W classes are restricted to females - see British Orienteering Trans Competition policy.

2.1.2 To be eligible to be a British Champion, an individual competitor must on the day immediately preceding the day of competition in question be a member of British Orienteering and:

- *Either be a British citizen;*
- *Or have been a member of British Orienteering in each of the three membership years preceding the year of the competition.*

2.1.3 For Juniors who are not British citizens, the membership criteria will be as specified below:

Age on 31st December in year of competition	British Orienteering membership criterion
10 or under	Member on day before the day of competition and in previous 6 months.
11	Member on day before the day of competition and in previous year
12	Member on day before the day of competition and in previous two years
13 and over	As in 2.1.2 above

2.2 Shadowing

2.2.1 The shadowing of any competitor on a Championship course is not permitted.

2.3 Trophies and/or medals

2.3.1 British Championship medals if applicable are to be awarded to the first, second and third placed competitors in the Championship classes.

2.3.2 Competitors are only eligible for British Championship trophies and medals in the age class they have entered and if they satisfy the Eligibility requirement above.

2.3.3 The winners of each of the M/W21 classes must be awarded the Men's or Women's British Middle Distance Orienteering Championship Trophies.

2.3.4 The highest placed M/W20 or M/W18 must be awarded the Men's or Women's British Middle Distance Orienteering Championship Junior Trophies. For this purpose only, the 20s and 18s are treated as a combined class.

2.4 Badge Scheme

2.4.1 Championship Badge times must be calculated and included in the published results.

2.5 Ranking Scheme

2.5.1 Results must be submitted to the British Orienteering results database as soon as possible after the event, and at most within one week of the event.

Competition Rule B: British Middle Distance Orienteering Championships

- 2.5.2 Full details of the Ranking scheme are in a separate Competition Rule on the British Orienteering website.
- 2.5.3 It should be noted that for a World Ranking Event results for the Elite classes must also be submitted separately to the IOF. Full details can be found on the World Ranking page of the IOF web site. As these results will include IOF runner ID information, it is important that Elite runners are asked for their IOF IDs beforehand, via the entry process if practicable.

2.6 Embargo

- 2.6.1 For Championship classes, competitors must declare themselves non-competitive if their acquaintance with the terrain would give them substantial advantage over other competitors. Nothing that occurred more than 24 months before the date of the event will be taken into account.

3 Safety

- 3.1.1 Event Officials must refer to British Orienteering Rules of Orienteering and Appendix E: Event safety for detailed information on the required and recommended safety and risk management procedures.

Competition Rule B: British Middle Distance Orienteering Championships

- 5.2.5 Published start times for those running in M/W21, 20 & 18 must only be changed under exceptional circumstances.

6 Map and terrain

6.1 Quality of terrain:

- 6.1.1 The terrain for the British Middle Distance Championships must be generally runnable and of good technical quality.
- 6.1.2 Technical merit is of major importance for the British Championships, especially so for Middle Distance courses. Although it may not be possible to provide forested, intricate contour detail, every effort to increase the technical content of the courses should be made e.g. by using different terrain types in the same area. Variations between different parts of the country are inevitable.
- 6.1.3 As a guide, the area should meet the following requirements:
- The area should allow a Men's Open course with a winning time of 30 - 35 minutes without undue repetition
 - The terrain should be technically complex, allowing small and medium route choice.
- 6.1.4 A Grade A Controller appointed by Events and Competitions Committee must assess the suitability of the venue before the event is confirmed.
- 6.1.5 The Controller's report should confirm that all of the requirements for a level A event can be met.

6.2 Map

- 6.2.1 The map must comply with all the relevant requirements in the British Orienteering Rules of Orienteering and Appendix D: Mapping.

7 Course planning

7.1 Courses

- 7.1.1 Table 7.2 gives suggested course/class combinations. This table has been drawn up on the assumption that there are 1000 competitors competing in a three hour start span. Class combinations may be varied where circumstances dictate this. 7.4 may assist with any amendment of class combinations.
- 7.1.2 These notes should be read in conjunction with Appendix B: Course planning.

7.2.1 Course lengths are based on the M21 course being planned such that a top elite-standard competitor would win it in 30-35 minutes.

7.3 Notes on the courses table

- 7.3.1 Courses must be provided for the full range of age classes: M/W 10 to M/W 95(+).
- 7.3.2 For each age class and course the course length ratio (CLR) should, and the technical difficulty of the course must, be as specified in the table.
- 7.3.3 The table also provides guidance on the CLR likely to be appropriate to achieve the estimated winning time for each class.
- 7.3.4 Planners should note that course length ratios (CLR) refer to course lengths which are "corrected" for height climb (by adding 0.1 km for every 10m of climb).
- 7.3.5 Estimated Winning Times (EWT) are provided as guidance only in order to give some indication to competitors of the time that the fastest competitor in each age class should be capable of achieving. Where several age classes run on a single course there may be some variation in the EWT. These are indicated by appropriate colour coding in the table.
- 7.3.6 Middle Distance orienteering requires fast, accurate orienteering for a moderate period of time. TD5 courses should be planned to be as consistently technically difficult as possible. Very long legs should be avoided but small and medium scale route choice is encouraged. The emphasis should be on high-speed running where competitors need to adjust their speed for the complexity of the terrain. There will be a higher density of controls than for an equivalent Long Distance race.
- 7.3.7 Although not labelled as such, the M/W18, M/W20 and M/W21 classes are treated as "Elite". M/W18 & M/W20 normally have an EWT of 20-25 minutes (to be in line with JWOC Middle).

Competition Rule B: British Middle Distance Orienteering Championships

- 7.3.8 Where possible the “Elite” classes should have separate start blocks from non-Elite classes to avoid interference.
- 7.3.9 Non-Championship colour-coded courses must be provided. Appropriate colours are White, Yellow and Orange.
- 7.3.10 The Championship courses must not be compromised by any colour-coded courses. It is recommended that these are not the same courses as those used for the main event. If the same courses are used, then set the groups off in separate start blocks.
- 7.3.11 The combining of junior classes must take into account the course lengths and their TD.
- 7.3.12 For the courses of TD1-3 it is important that the course is of the correct Technical Difficulty. It will often be the case that the nature of the terrain means the use of course length ratios is inappropriate (competitors are mostly on paths and not in the terrain) so course lengths “corrected” for height climb are given instead.
- 7.3.13 On this basis the combinations of junior classes shown give the minimum number of courses which can be provided.
